Of course, you laak like a bride
Liar! Brides wear red clothes and a veil!
You don't have to lecture me even if you know
Hey! That guy from Xuezilu Primary School, catch up!
Ah! Gosh, we're left behind
Why is he bringing a kid to this event for Municipal Outstanding Young Pioneers?
Because his mum is the principal of Xuezilu Primary School
Tsk, just a shabby school
Stay with the team everyone! You are all good students with a sense of discipline
Help each other when facing traubles, that's what Young Pioneers should do!

Jie-gege...did I encumber you...and the entire team altogether?
Could you stop talking like an adult? You're a 5 or 6-year-old little girl!
But it's indeed hard to keep up like this
Ling, come here!
Ugh! No, stop...
Alo, never mind...
Put me down Jie-gege! It's too embarassing in front of so many people!
Don't talk too much you are a little girl, be like a little girl!

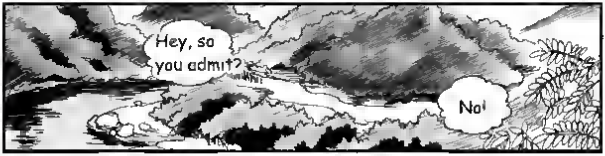
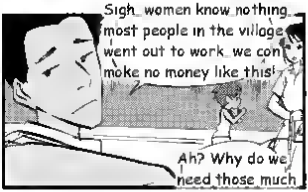
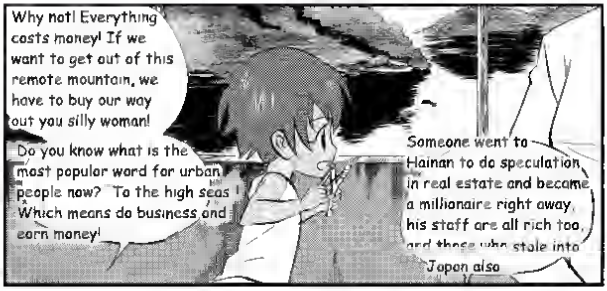
T/N It's a Chinese slang 猪八戒背媳妇, where 猪八戒 is a main character in A Journey to the West



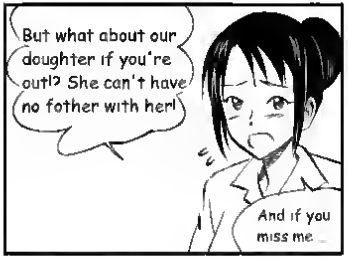


Sigh, women know nothing, most people in the village went out to work, we can make no money like this!
Ah? Why do we need those much money?

U17.com

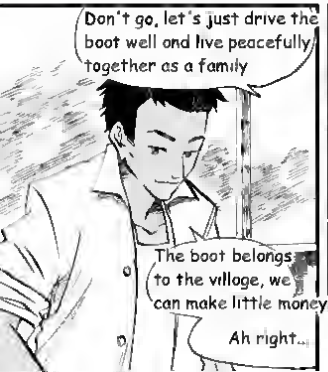


Why not! Everything costs money! If we want to get out of this remote mountain, we have to buy our way out you silly woman!
Do you know what is the most popular word for urban people now? To the high seas ! Which means do business and earn money!
Someone went to Hainan to do speculation in real estate and became a millionaire right away, his staff are all rich too, and those who stole into Japan also



But what about our doughter if you're out!? She can't have no father with her!
And if you miss me ...

Ah! Don't tell me you'll go to those women
Shut up idiot! What are you talking about in front of our kid!

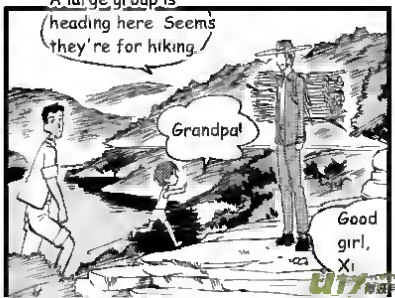


Don't go, let's just drive the boot well and live peacefully together as a family
The boot belongs to the village, we can make little money
Ah right...

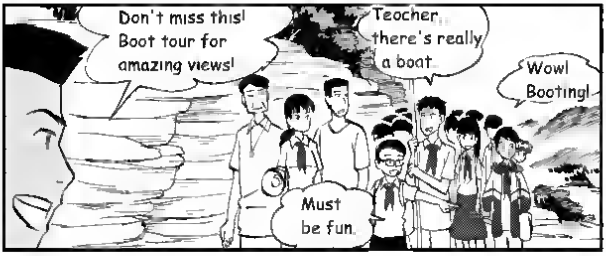
XL come here
OK!

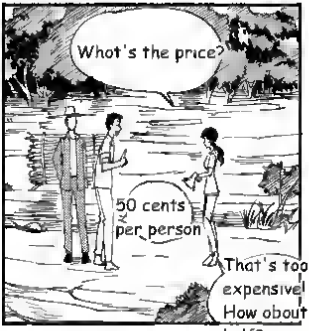
Isn't it pretty, Xi?
Yes!
I got it from a guest who's a businessman.
Alas, it really has a foreign flavour.
Geez, if I go out to work, these things are everywhere!

T/N: Literally 'stone'



Seems like a group of pupils, they all wear clean white clothes
Oh, really! They indeed look like that. Finally some business today!





T/N .Still it s 50 Chinese cents here

U17.com

25...? That won't even make for the fuel.
We're leading a hiking for the Municipal Outstanding Young Pioneers!
O, outstanding Young Pioneers?
Yes! They are all top students in their school!
No problem! Get on board! You're all good kids! You can pay whatever you want
YAY!!
